

# Book to ACTION Tic-Tac-Toe!

Through reading *Braiding Sweetgrass*, we learned how other living beings offer us gifts and lessons.

Now it's our turn to take action to show our appreciation for the natural world around us.

Connect with nature and be a good citizen of planet Earth through these suggested action items to the right.

Cross off items and share/tag @monroviaLibrary on social media or return this sheet to the Library to enter the raffle!
